

CALF+AID

Instant immune support for new born dairy calves

+ C-GUARD + OMEGA 3
+ANTIBODIES +VITAMINS +MINERALS

Micro Nutrient oral paste formulated specifically for calves, to:

- Instantly Support the emerging immune system
- Preventing disease and reducing the incidence of scour
- Aid growth rates
- Boost appetite
- Aid the natural management of immunity and Coccidiosis
- Aid the natural management of Cryptosporidium

Main Ingredients are:

- Antibodies (E.Coli, Rotavirus, Salmonella & Coronavirus)
- C-Guard (is a blend herbs aiding the natural management of gut health and immunity against coccidiosis)
- Omega 3
- Antioxidants
- Vitamins
- Chelated trace elements

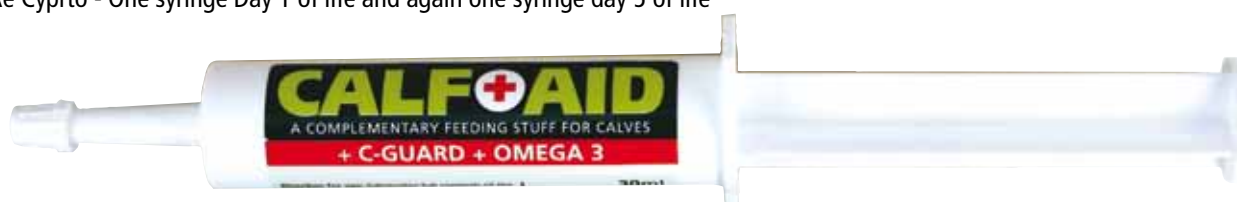

Instructions for use:

- Orally feed during the critical period after birth. For new born calves, feed the contents of one whole syringe to the back of the calves mouth within the first 12 hours of life
- Repeat when necessary for weaker calves
- Re Coccidiosis - Apply 2 syringes, 5 days apart when a problem is found ie. Day 21 and day 26 of life
- Re Cyperto - One syringe Day 1 of life and again one syringe day 5 of life

ANALYSIS mg/kg

Omega	25,000mg/kg
C-Guard	INCLUDED
Antibodies	INCLUDED
Vitamin E	3,000mg/kg
Vitamin D3	137,500miu/kg
Vitamin A	675,000miu/kg
Thiamine B1	625mcg
Riboflavin	37mg
Panthenol	300mg/kg
Folic Acid	37mg/kg
Vitamin B12	875mg/kg
Nicotinamide	62mg/kg
Ascorbic Acid	210mg/kg
Biotin	600mcg
Cobalt	100mg/kg
Selenium	22mg/kg
Iodine	750mg/kg;
Chelated Iron	250mg/kg
Chelated Zinc	1,500mg/kg
Chelated Copper	1,500mg/kg

Do not exceed recommended amount. For animal use only.
Store in a cool place away from sunlight. Store in original container between 5-23 degrees. Keep out of reach of children.
