

Product

Volac Calf and Lamb Volostrum

Manufactured by

Volac International Limited, Felinfach, Dyfed. UK
EU Approved. Establishment no: α GB 557 E/I 0073
EFSA Approved - UFAS Reg. No: 0158

Declaration regarding the GM status of the above-named products

Volac Calf and Lamb Volostrum are manufactured and marketed in compliance with Regulations EC No 1829/2003 and EC1830/2003 and;

- A fully documented traceability system is in place.
- The traceability system is regularly audited by an independent 3rd party.
- The risk of accidental contamination with GMOs is negligible and does not exceed 0.9%.

All the above measures combine to satisfy 'due diligence'.

There is no requirement to label these products as 'containing materials of 'GM' origin'.

The above-named products do not contain any antibiotics or growth promoters.

Compliance with all EU Legislation is an essential part of the Quality Management and Quality Assurance schemes under which all Volac International Limited sites are approved. This is confirmed by independent audits which take place under all current Schemes (copies of Certificates available on request).

UFAS approval

Volac International Ltd maintains certification of conformance with the AIC Universal Feed Assurance Scheme (UFAS) for the manufacture of compound animal feedingstuffs (UFAS Registration Number 158).
